

It worked. You are able to download PDF files.

Please read my guarantee to you:

What you are about to purchase is my life message. I have worked thousands of hours over a period of 23 years to provide you with this information. I have done my best to be sure that what I am giving you is Biblically accurate and practical. Even though I am still learning and am not perfect in my understanding, I am confident that you will be pleased with your purchase.

However, if in the first 90 days you are not satisfied with your purchase for any reason I will refund your money. All you have to do is e-mail me in order to let me know that you want your money back.

I give you 90 days rather than 30 because I would like you to give these things some time to work into your heart.

My guarantee that you will find information in these books that will help you to grow in your relationship with God. **I also guarantee** that this information **can** help you direct your heart toward God, draw near to Him, drink from God, and experience His presence.

What I can't guarantee is the results—that all depends on your effort to apply these principles. I provide you with the information, but you have to do the work. God will do His part—He doesn't lie. You are the one who has to learn these principles and then take the steps to remove the obstacles and draw nearer to God. I can't do that for you. My part is to show you how.

Sincerely and in Him,

Barry Hall.
